

2019 GRATITUDE REPORT

CERAMIC AND GLASS INDUSTRY FOUNDATION

2014 – 2019 Five Years of Giving to Champion the Future of our Industry

THANK YOU! You, our generous supporters, enable us to fulfill our mission of inspiring and training the next generation of ceramic and glass professionals. Take a look at all of the things we've accomplished . . .

BECAUSE OF YOU . . .

... OVER 1,000 MATERIALS Science Classroom Kits have been distributed since 2014, impacting over 20,000 students

... WE HAVE PROVIDED ancillary glass and ceramics-related resources to high schools in need.

... THE LIVES OF over 360 college students have been impacted through travel grants and student exchange programs!

... OUR FUTURE INDUSTRY LEADERS are ready to face the challenges of their professions.

"The Ceramic and Glass Industry Foundation was integral in my ability to obtain and use an enameling kiln in my chemistry class. Without the support of the CGIF, I would not have been able to share these amazing experiences with my students."

"In addition, the activities and supplies in the Material Science Classroom Kit have transformed my traditional chemistry class into one significantly enhanced through the integration of

material science into my curriculum. The students absolutely love the activities in the kit and look forward to the applications of chemistry that the kit provides."

Pete Carpico
Teacher, AP® & Honors Chemistry
Organic Chemistry
Louisville (OH) High School

"The leadership opportunities I received enabled visibility of my skill set, my work, and the vast expansion of my network, which helped me grow to be a much better ceramic research professional than I would otherwise be. Working with the highly accomplished individuals of the President's Council of Student Advisors boosted my confidence, which benefited my academic career and job prospects. I am very grateful for the opportunities I received through the PCSA."

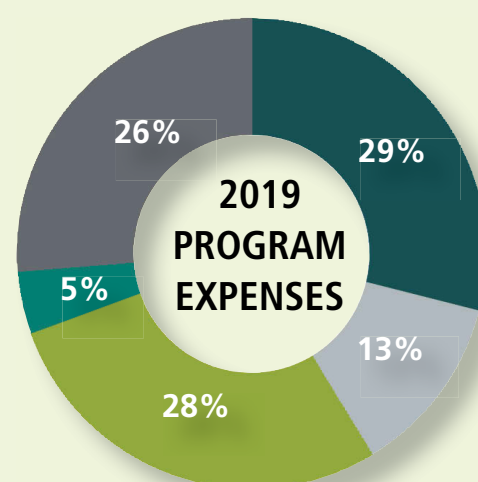

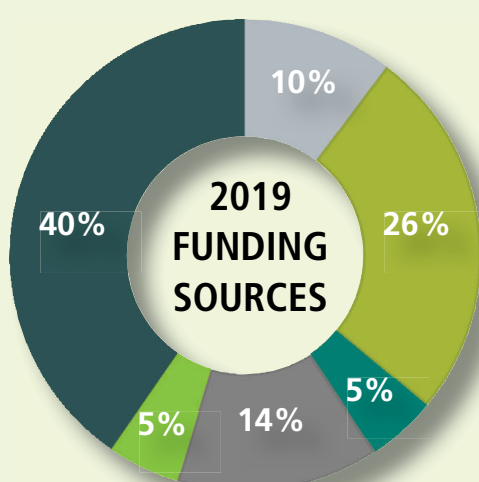

Lavina Backman
Ph.D., Materials Science and Engineering
University of Virginia

NONE OF THIS WOULD BE POSSIBLE WITHOUT YOU! THANK YOU SO MUCH FOR YOUR SUPPORT.

2019 FINANCIAL INFORMATION

Program Revenue	\$33,000
