

CERAMIC AND GLASS INDUSTRY FOUNDATION

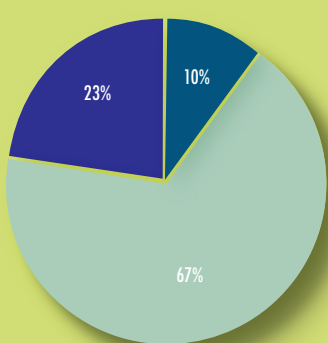

2021 GRATITUDE REPORT

THANK YOU!

Our outreach programs would not be possible without you, our generous donors. Thank you for being a vital partner in our mission to attract, inspire, and support the next generation of ceramic and glass professionals!

2021 Funding Sources

- Program Revenue
- CGIF Donations
- ACerS Award & Travel Fund Donations

Program Revenue	\$18,000
CGIF Donations	\$120,000
ACerS Award & Travel Fund Donations	\$40,000
Total Funding	\$178,000

“These are wonderful kits that can be used at any educational level.”

Jenna Schwarz, 4th grade elementary school teacher in Florida
Kit Grant Recipient

“The hands on nature of the projects are the most effective aspect. The students love trying things for themselves, and that is a great jumping off point for discussion.”

Sierra Lehman, Ceramic Artist and Instructor, Palmer, Alaska

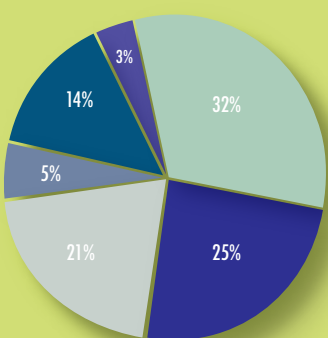

“The events were educational and allowed participants to gain exposure and greater appreciation for glass and ceramic sciences.”

Rokia Tamraz, Rutgers University Keramos Chapter President

“Having the opportunity to briefly explore some of the cool and exciting things in the ceramics and glass engineering world was quite eye-opening for my students.”

Ian Sample, Materials Science Educator, Worthington, Ohio

2021 Program Expenses

- Student & Educator Outreach
- Student Leadership Development
- Student Exchanges & Travel Grants
- External Projects Grants
- Scholarships
- University-Industry Network/Keramos
